## **THEMBELIHLE MUNICIPALITY FORENSIC INVESTIGATION**

The Provincial Treasury never received a request from the speaker of Thembelihle municipality or anyone else from that municipality to conduct a forensic investigation. Otherwise we would have acted on it with the urgency it deserved due to its criticality and public interest nature.

However, once we became aware that the municipality petitioned the National Treasury directly on the matter, the Provincial Treasury and COGHSTA, fully supported the forensic audit being done by National Treasury. The two departments had jointly engagements with National Treasury team performing the forensic audit and supported it.

As a Provincial Treasury, under the overall stewardship of MEC Vosloo and leadership of Dr. Moses Gasela, our No.1 goal is to root out corruption in all its manifestations (real or perceived). This is evidenced by our active participation in the fusion centre with our local partners and active support to law empowerment agencies such as SIU in their work in the Province.
